August 24, 2018

Dear Parents/Guardians;

Congratulations! After two days of intense tryouts, your cadet has been selected to participate in our Drill & Leadership Special Teams Class! In order to switch your cadet's schedule and get them into the class, the counselors request you complete the bottom of this letter and then have your cadet bring it with them on Monday, 27 AUG 18.

The following information is provided to help you in deciding which option would be best for your cadet:

1. Grades are the most important part of school. If your cadet receives an 'F' or 'U' in **ANY** of their Palo Verde classes, they will be removed from their Drill & Leadership Team.

2. If your cadet elects to be in our 8th-Period Drill & Leadership class, they will lose one of their elective choices for this year.

We look forward to working with your cadet and the many experiences they will have as a member of our Special Teams.

The AFJROTC Instructors

-/-

I request my cadet's school schedule be changed so that they are in the JROTC 8th Period Drill & Leadership class in addition to their regular JROTC class. I understand that they will give up one of their electives. Thank you.
