

## Palo Verde's AFJROTC...

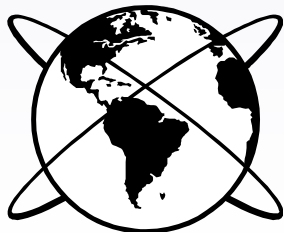

- Program is a Congressionally-mandated program designed to ensure your son or daughter's success in high school and in whatever career path they choose. AFJROTC's mission is **NOT** to get your son or daughter into the Armed Forces. We want only for them to be successful and happy.

- Exposes your son or daughter to leadership experiences that can be found in no other activity at Palo Verde.

- Does **NOT** tolerate hazing of any kind. Our only rule for all of our activities is **RESPECT**. If you're hazing someone, you're not showing them **RESPECT**.

- **Has no fees.** The Air Force will loan your son or daughter everything they need to be successful in our Program. The only cost to you is routine cleaning of the uniform.

- **Is ALL about your son or daughter.**

World wide experiences brought to the classroom.

Delta Flight wins Commander's Call.

AFJROTC**

## Core Values

The AFJROTC Program is based on our eight Core Values:

***RESPECT, RESPONSIBILITY, INTEGRITY, COURAGE, PATRIOTISM, TENACITY, COMPETENCE, and SERVICE.***

The cadets are expected to live by the Core Values while participating in any JROTC activity. Through this experience of living the Core Values, we hope they will incorporate them into their everyday life for the rest of their life. We are confident that if they can strive to 'live' the Core Values, they will be successful in whatever career-path they choose.

## Activities

**Leadership:** All cadets will get the chance to lead other cadets and experience the thrill and headaches of 'being in charge'. Learning public speaking is a big part of this experience.

**Academics:** are 'job one' in our Program. To succeed in JROTC, cadets must be passing all of their PVHS classes. AFJROTC subjects include aviation history, the science of flight, and cultural studies.

**Community Service:** Activities are planned each month and range from collecting items for those in need to reading at elementary schools to cleaning up local parks.

**Recognition:** Awards are given for individual and group superior performance. These include: Cadet of the Month, Cadet of the Quarter, and Flight of the Month.

**Scholarships:** For those cadets planning to pursue college-level ROTC, scholarships are available to JROTC cadets up to, and including, 'full ride' scholarships.

**Awareness Presentation Team:** These cadets perform at elementary and junior high schools using skits to stress a drug-free, Core Value-centered life.

**Kitty Hawk Air Society:** AFJROTC's honor society. These cadets stress academic excellence and community service and act as the sponsor for many of the Corps of Cadets' service projects.

**Rocket Club:** Cadets learn the history and physics of modern rocketry and then build and launch their own rockets!

## Drill Teams

Cadets selected for our drill teams are exposed to a more intense military experience where attention to detail and precision execution of drill movements is stressed. Teams compete at local competitions against other JROTC units. We have a room full of trophies to show how successful these amazing cadets are in their drill movements and attention to detail in the wear of the AFJROTC uniform. We have three teams:

**Color Guard:** Presents the Colors at all school activities and at events throughout Las Vegas.

**Unarmed Drill Team:** Executes precision drill movements without the use of weapons.

**Armed Drill Team:** Executes precision drill movements using 1903 Springfield replica rifles.
